

Satellite Dish/Cable Guidelines

Please find enclosed a Home Improvement Form for the install of a satellite dish at your unit. You must complete and return the form for approval *prior* to installation.

Please note the following guidelines when installing a satellite dish in your community.

- ❖ Satellite dishes must be attached to the wood trim at the roof line.
- ❖ Satellite dishes may not be attached directly to the roof.
- ❖ All wiring needs to be attached in back of the unit (behind/on the fascia) in a neat and hidden manner.
- ❖ Satellite dishes must be installed on the backside of your unit.

Please feel free to contact me if you have any questions or concerns that I may be able to assist you with.

Thank you,
